

Regents Prep Assignment #1 for June 2013 Exam

Do all of the questions highlighted below in the **question index** of the Barron's review book on the **Aug'10 & Jun'11** exams.

The units covered are **Physical Behavior of Matter** (Review Notes pgs 1-5) & **Solutions** (pgs 16-17).

Refer to your review notes & watch videos of topics you may have forgotten (available at tottenvillehs.net).

These questions will be covered on Tuesdays (period 10) and repeated on Fridays (after tutoring).

The Barron's review book completely & clearly explains the answers. If that is sufficient, there is no need for you to come to the review sessions. If not, please come.

V. Physical Behavior of Matter <i>pgs 1-5</i>								AUGUST 2010	JUNE 2011
V.1		18				15			
V.2	69	37, 58	41	14, 72	15, 19, 38	12		57	
V.3	39	76	12, 39	17	16, 39	13			41
V.4			15	16		16		13	12
